If you get too close one of two things happens:

a) you get "investigated"

b) you get "disappeared"

Respect for the brave men and women who refuse to be silenced and continue to speak up against what they know to be evil and wrong.

He's 100% being humble about the threats aswell

Just look at what happened to MTG, you don't just resign from office like that unless you're getting a serious ultimatum

@HouseGOP @HouseDemocrats @SenateGOP @SenateDems The WH is an organized crime ring using the FBI to intimidate congressional staff for standing up to the Pedo-King. The GOP has been complicit. The GOP needs

to decide to stand up to corruption or be voted out entirely

Kinda makes you wonder about all the *other* innocent ppl being "investigated" by the FBI for revenge, for profit, for kicks, & just because they can! Maybe we'll ask the FBI / contractors living in our neighborhood & right next door. 🌀 🌀 🌀 🌀 🌀 🌀 🌀

🚩 US IL The FBI quietly poured roughly \$1M into overtime hours to scrub and redact the Epstein files, working under a project they literally labeled the "Special Redaction Project."

This is treason.
