We've all watched as Israel has gradually taken near total control of the leading 'Turning Point' tier influencers..

the truth is that Charlie seemed to be bucking this trend, to some degree, to his credit.

Something to keep in mind, before the 'official' narrative takes shape

 Ian Carroll reacts to the embarrassing clip of Charlie Kirk avoiding Nick Fuentes, and calls him out for not debating Nick.
 "The mainstream avoidance of Nick Fuentes is a fear response."

 Yeah. I wasn't asking about it or anything, but it came up in conversation.
 Secondhand source, but that's what he said Charlie said.

Charlie Kirk splits with Trump on antisemitism crackdown, warns free speech rights under attack

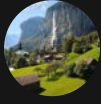

Benjamin Netanyahu - בנימין נתניהו @netanyahu 6h

Charlie Kirk was murdered for speaking truth and defending freedom. A lion-hearted friend of Israel, he fought the lies and stood tall for Judeo-Christian civilization. I spoke to him only two weeks ago and invited him to Israel. Sadly, that visit will not take place.
 We lost an incredible human being.

His boundless pride in America and his valiant belief in free speech will leave a lasting impact.
Rest in peace, Charlie Kirk

Charlie Kirk was attacked by Israel supporters last month and labeled an anti-Semite for defending free speech.

Not everything is as it seems and people have layers and hidden thoughts.

Agree that this is the space to watch, but I would say that to the extent he was bucking this trend to some degree that it was to a very, very limited degree, based on the available data we have. More than anything else he was obediently whitewashing genocide for Israel.

IMO Charlie was our guy, treading the path of “acceptable speech” and garnering more supporters to our cause. He had a monumentally important role in our movement that will be hard to replace, because he genuinely cared for his people.

This is my current suspicion but I need to see more to say definitively. Far right in Europe is mostly coopted already. I think Jews will try to entice the far right in USA to stop opposing Jewish rule by giving us everything short of overthrow of Jewish supremacy.

“Judeo-Christian” 😏😏😏 Those two don’t go together. Not when the Judeo part crucified the Christian part of that word.

At times he did flirt with white nationalist talking points. It makes me wonder what views he held behind closed doors.

Blame them all you want. Use his death for good.

But he was an un repentant traitor.

Most whites have never actually been around the Jews. Or niggers for that matter. Charlie didn't know because he believed we could live together. Blacks and browns (including Jews) are animals. Yeah, they can be taught to speak, but they can't reason beyond the day they are livin
