“The British people have a special place in HELL”

Tommy Robinson sits there, nodding and agreeing, as an Israeli Jew says that YOU should be in hell.

Jews hold a grudge against America for not immediately accepting boats from Germany. These motherfuckers hold PERMANENT grudges over the smallest perceived slight not giving a FUCK about sensitive geopolitical positions or the needs of ANYONE else. Don't do their bidding: death

Interesting 😊

But seeing this clip, when you realise the British government has turned on its own people in favour of third world countries like Pakistan, India, Bangladesh etc over the same period.

It all makes sense.

How can you be so adamant it would be a resounding "no" to the question of whether or not the Brits would like to recognize Palestine as a state? Have you asked? Shall we try? And let's factor in that the decision to create Israel in the backyard of Palestine was an illegal decision in the 1st place. Why should Palestinians pay for European war crimes? Who killed, tortured and committed genocides against the Jews during WWII? It was certainly not the Palestinians. You didn't study that in year 9 Humanities, did you? And look at the other victim giving us brownie points and shaming us at the same time. Look how superior that act is. A special place in Hell, he says. As if he was running the place. FUCKING TWAT.

Brits will not go to hell. You, Zionist, brought it to them by committing a terrorist attack destroying King David Hotel on 22 July 1946.

Imagine giving them a state then get blown into pieces and then told to be going to hell. And then, cheap @ any price, @TRobinsonNewEra nodding his head.

Wallahi, this is embarrassing.
