The ancient laws were better..

Eye for an eye seems an awfully lot like the best possible justice.

Pam Bondi is not fit for her high office of USus Attorney General. She should either resign or be impeached. Never, have we seen such corruption.

Maybe you can still save your soul, Pam.

Come clean, spill the beans, let the sun shine in, pick your metaphor, but if you want to save yourself, there's no other way around it.

You know what I am thinking?
You all accusing Pam Bondi and Kash Patel so easily.
But look all the names are involved with Epstein.
They all billionaires, powerful politicians, royals etc etc

What choice Pam has when fighting those people?
Do you think her family is safe?
her kids, her husband, her parents?

I think 99,9% of all of us would have done except the same thing
