Imagine getting kicked out of 1000 bars, one must wonder if the bars are the problem, or one's actions in the bars.

If every nation kicks you out for 2000 years...
maybe the world isn't the problem.
Maybe it's time for a mirror.

This line was meant to generate sympathy.
But it just reminded people of the reason behind history's loudest silence.

Palestinian people didn't kick out Jews.

Non-Jewish Palestinians lived with their Jewish neighbors peacefully throughout history.

Palestinians opened their arms to take Jewish refugees in WW2.

But the Zionists treated Palestinians with ethnic cleansing and slaughtering.

You MFers have no right to kick out another existing people from their place by claiming to get kicked from all places. You pos have no right to commit another Holocaust while claiming that Nazis did the same to your ancestors.

All jews are not Zionists and israel is not the home for all jews. You European free

loaders just need an excuse to keep justifying your settler colonial ethnostate and keep erasing the existing Palestine.
