As HORRIBLE as this is, there is an update:

\* The tennis player, Kamil Majchrzak, saw this video and did search for and locate the boy and gave him a hat! "All good now!"

\* The man in the video identified as Piotr Szczerek from Poland, owner of paving company DrogBruk.

see how quickly he snatched that hat away. there wasnt even time to think and make a decision, his nervous system just reacted immediately to the opportunity to take something from someone else before the signal even made it to his brain for processing. this is how you win
