POST FR& US

FR L'Exposition des INTOUCHABLES !!

Le Huitième Front : Israël et sa Guerre contre la Vérité...

⚠️ Une des vidéos les plus EXPLOSIVES qu'on vous empêchera de voir

Aux États-Unis, l'influence ne passe pas par les urnes, mais par des réseaux de pouvoir : Federal Reserve, Wall Street, Hollywood, lobbying via AIPAC...

Aujourd'hui, les réseaux sociaux sont leur arme principale : contrôler l'information, façonner l'opinion, censurer la vérité... TOUT SEMBLE ÊTRE SOUS LEUR CONTRÔLE.

L'affaire Epstein révèle des élites protégées et intouchables, où le pouvoir s'exerce par le chantage et l'impunité...

Quand un dirigeant comme Benjamin Netanyahu influence publiquement... en particulier grâce aux réseaux sociaux... cela soulève des questions importantes pour les citoyens.

📺 Prenez 14 minutes pour écouter attentivement « Le Huitième Front ». C'est ÉDIFIANT... ⚠️ Sous-titres trop rapides ? Réglez la vitesse à 0,75 dans les paramètres, ça aide 😊.

👁️ Nous sommes SOUS CONSTANTE SURVEILLANCE et MENACES. Face à cela... Serait-ce une déclaration de Guerre contre NOUS ? 😞

us 🇺🇸 📢 THE UNTOUCHABLES EXPOSED !!
The Eighth Front: Israel's War on Reality...

⚠️ One of the most EXPLOSIVE videos they'll try to hide 📌

In the United States, influence doesn't come through the ballot box, but through networks of power: the Federal Reserve, Wall Street, Hollywood, lobbying via AIPAC...

Today, social media is their main weapon: controlling information, shaping opinion, censoring the truth... EVERYTHING SEEMS UNDER THEIR CONTROL.

The Epstein case exposes protected, untouchable elites, where power operates through blackmail and impunity...

When a leader like Benjamin Netanyahu publicly exerts influence... especially through social media... it raises serious questions for citizens.

🎥 Take 14 minutes to watch "The Eighth Front" carefully. It's EYE-OPENING...

👁️ We are under CONSTANT SURVEILLANCE and THREATS. In the face of this... could this be a declaration of war against US? 😞

HIDDEN ENEMIES ARE UNDEFEATABLE ONES

Netanyahu is the face. But who chose him, who protects him? And why does he seemingly hold such extraordinary power over the American government — a superpower that answers to no one?

Does the US serve Israel, or do both governments serve something else entirely? Something that prefers to remain exactly where it is — off the stage, unnamed, and therefore untouchable.

We are spiritual beings — and that's ultimately the only altitude high enough to see this whole picture clearly. But let's start lower, at the mundane level— we need to eat this "beast" in bite sizes.

First, this isn't a Zionist problem or a Jewish problem or even an Israel problem — it's something political scientists call STATE CAPTURE: when a criminal political network seizes the machinery of a legitimate state and then uses that state's identity as both a shield and a weapon.

Sadly for Americans, both the USA and Israel are captured —clearly— actually, probably all countries are captured on this planet, some just more visibly.

Let's start making some distinctions. This will sharpen the picture fast:

✳️ Netanyahu and his coalition — indicted criminals with documented

personal incentives for permanent conflict. Peace ends his career and his freedom.

* The Israeli state — mostly captured, but containing real institutional resistance. Netanyahu and his coalition have taken over significant parts of the Israeli government — the courts, the military command, key ministries — but they haven't captured everything. There are parts of the system actively pushing back.

* Israeli civil society — has put hundreds of thousands in the streets against Netanyahu. Repeatedly.

* Jewish diaspora and religious communities — deeply divided. Orthodox communities call Zionism theological heresy. This opposition predates Hamas by decades.

* Palestinians — civilians caught between Netanyahu's government and Hamas, neither of which actually serves their interests.

* Hamas — a political actor with its own agenda. Not synonymous with the Palestinian people.

We need to acknowledge this fact: the people most damaged by collapsing "Netanyahu" into "the entire Jewish populations of Earth" are Jewish people themselves! Large numbers are completely innocent people, many of whom oppose Zionism, and more important, have no say in what Netanyahu's government and military does.

This conflation is Netanyahu's most powerful political tool. Every time we conflate Bibi with world Jewry, we hand him a shield. He gets to call every critic an antisemite and rally people (mostly fearful Jews and naive Christians) to his defense.

The political leverage, the dual-citizen officeholders, the organizations that destroy anyone who criticizes Israel — that's the visible layer. And it's damning enough. But it's still just the surface. Who is running the people running the operation? The Epstein files alone tell us this goes somewhere most people aren't ready to look.

So, criminal indictments against Netanyahu, a Finance Minister (Bezalel Smotrich) who has called for full annexation of the West Bank and said Palestinians don't exist as a people.

National Security Minister Ben Gvir — a man with an actual criminal conviction inside Israel for inciting racism — is running national security.

This alone, already extraordinary enough, deserves a response from [@realDonaldTrump](#) as to why our tax dollars are going to a country that is clearly a racist regime? I know, a Jewish homeland, still not ok

Our anger is completely rational. But anger is only useful when it's aimed with precision.

The problem isn't Jewish people. It's not even Israel. It's a specific political network that has captured both — and is counting on you being too angry to notice the difference.

Let's be surgical, let's be cool-headed and expose the source of all this evil. It won't be easy, but I'm laying odds on it being whoever or whatever(!) stands in the shadows behind the central banks.

If you are a Christian, please watch this 🖱️

These rabbis claim Trump is key to the rise of the 3rd Temple 🏯 & that Edom (THE WEST) MUST FALL FOR IT TO HAPPEN.

Are these events divinely unfolding, or strategically engineered to exploit prophecy?

Miss Qniverse ✨ ✓ @MQniverse

12 Apr 2025

According to those in these clips, Trump is key to the rise of their Mashiach (Messiah). The Edomites, Israel's ancient enemies, destroyed the 1st temple, then as Romans, the 2nd. Now known as the West, Edom must fall for the 3rd temple to rise and Mashiach to rule from Israel. 🏯

Mar 1

So basically they are using the powers of the west, mostly USA, to build their nation. Then once they are done, or they are removed from yet another nation, they will all return expecting it to be some super power where they control the world?

They claim everything we say is a lie.

But where is the lie?

They literally contradict themselves the entire video
