into conversion therapy.

This is so unfunny and tone deaf. No wonder trans support is dwindling among normal people

This is why we can't have nice things...

I was wondering why 3/4th of my cities neighborhoods weren't celebrating Halloween this year.

Then my son said everyone is doing it in parking lots with folks they know out of their trunks.

Now I know why.

Stop fucking posting these. You are literally giving them more fuel to convince the general public that trans people are dangerous.

This hurts your cause so much that I wouldn't be surprised if you were an undercover transphobe doing this.
