She also apparently assaulted a family member. This will end well I'm sure!

bleach blonde hair? That shit was like 20 years ago, dude. Only women want to dye their hair blonde. I don't see how you get as much ass as you do outside of the fact that I know you are suave with your words. Which I do say that conversation rules, the nation.

My prediction: she gets famous, goes on podcasts, jubilee debates and starts her own podcast as well as a gofundme, fiercely fights in the pickme-infighting. She's likely to collab with hermes, womanpropaganda etc.. Then she gets outed for cheating on her bf/husband & dissappears
