There's a reason De Niro is all in on Biden.

Pepperidge Farms remembers his 1998 arrest in connection to a Jeffrey Epstein-esque prostitution ring operating out of France:

De Niro arrested, held & questioned in Paris over vice ring

Detained on a warrant & released after 9 hours

40 prostitutes were reportedly matched up with wealthy clients as far away as NYC and the Arab Gulf states

Clients included Saudi princes, members of Persian Gulf monarchies, arms traffickers, celebrities, etc.

You reap what you sow:

A woman broke into actor Robert De Niro's upper east side home early Monday morning & began stealing Christmas presents under his tree.

The suspect is connected with six other burglaries. She had just been arrested December 8 & was subsequently released.

Last month the 15th annual Tribeca Film Festival kicked off to much success, yet controversy sparked when the anti-vaccine documentary "Vaxxed" was in the screening lineup. The film was eventually pulled from the schedule after a handful of filmmakers threatened to pull their films out if it was screened.

Robert De Niro is a Pedophile

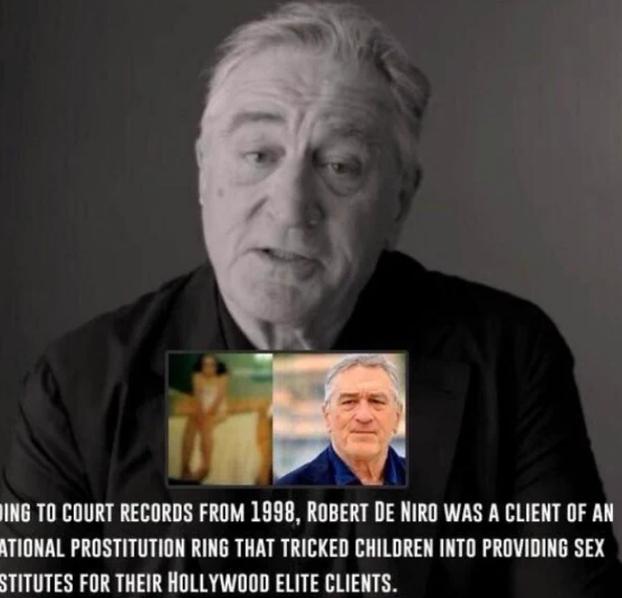

French Officials: Robert De Niro is a Pedophile.

Almost 20 years ago, a sex scandal involving Robert De Niro, Arabian princes, French government officials, and a famous tennis player named Wojtek Fibak was exposed. However, it did not erupt in the media, and most people probably didn't hear about it.

No doubt De Niro is terrified of the Epstein information release or some other info coming out. He's fighting for his life, it's crazy to watch.

On November 15, 1998, Robert De Niro was accused of being a frequent flyer with a prostitution ring that trafficked in girls as young as 15 years. There were quite a few reports at the time making the same accusation although he has denied it.

The police did interview him for more than nine hours and had sent half a dozen officers to apprehend him since he had checked out when the ringleaders were arrested.

DeNiro said he volunteered to speak with the officers and threatened to sue and DeNiro was not charged.

According to court records from 1998, Independent journalist John Lichfield discovered that the prostitution agency routinely ensnared girls as young as 15, forcing them to have sex with Hollywood's rich and powerful elite. Whether DeNiro engaged with underage girls is unknown but he was tied to the ring.

My next posts will dive deeper.
