We have 217 of the 218 signatures required.

We just need one more Congressman to sign the discharge petition in order to force a vote in the House on a bill to release the Epstein files.

Victims deserve justice and Americans demand transparency.

So proud to live in your district @RepThomasMassie , and when I see these attack adds where we live - most recently the one about burning the flag - I am reminded of how fighting for our Constitutional rights isn't always easy, but you stand strong. Thank you!

Pretty telling that only four Republicans signed it so far. This shouldn't be partisan. Releasing the files is the first step towards justice for the victims.

💡 We should make this last signature a huge win - a reason to be re-elected.

Not a albatross or a risk.

Whoever cements the final vote can say they tangibly helped transparency and justice for alot of victims.

Voters should know this and reward it in the midterms.
