“We’re here to fuck all the white girls and fuck the government. We’re over here to breed, we are going to take over.”

That’s what one of the Dewsbury grooming gang rapists told his victim.

Not poverty. Not “cultural misunderstanding”. Not random crime by “Asians”.

This was muslim men operating with a clear religious and racial ideology.

White non-Muslim girls were “slags”, “trash”, and “kuffar whores”, fair game for grooming, gang rape, trafficking, and beatings.

Muslim girls were “pure”. White girls deserved it.

Some perpetrators quoted scripture and framed their actions as religiously justified superiority over infidels.

When the government repeatedly sides with the ideological rapists over its own children, when it betrays fathers and communities trying to protect their daughters, don’t act shocked when people lose faith in the system and take matters into their own hands.

This is demographic and cultural conquest.

An existential attack on Britain enabled by the very people sworn to defend it.

The absolutely filthy anti-white, anti-Christian racist Mehdi Hasan calls the Casey report and the whole push for truth “bullshit.”

The rapists’ own words in court and the girls they destroyed say otherwise.

Denial this loud only confirms who’s still protecting the narrative and why.

the White Girls” -**

They won't admit it because then they would have to acknowledge how long they have been covering it up just to support their multi-cultural ideology.

“And this is the judgment: that the light has come into the world, and people loved the darkness rather than the light, because their deeds were evil. For everyone who practices evil hates the light and does not come to the light, lest his deeds be exposed.”

Islam is literally a resurrection of the stone age. Sharia Law is what they use to justify their barbaric treatment of women and children. No one in the modern world anywhere should have to endure such barbaric oppression and slavery for any reason, and certainly not because of God by any name, including Allah. Those who refuse to coexist with the world don't deserve to live in it with the rest of Earth's inhabitants. No where on Earth should be safe for jihadists, NO WHERE!!!

One of the issues is people saying white people need to wake up. The world needs to wake up. Islam is a cancer to the world. Everyone needs to wake up. Even Atheist need to wake up. They don't even believe in religion and they let this shit go on. The only way to get rid of this kind of cancer is to cut it out.

This is a reflection...
Revealed as an earlier UK philosophy...

Presented worldwide...

King Edward I ("Longshanks")...
In the 1995 film Braveheart.

"If we can't get them out... we'll breed them out."

Therein...
The die has been cast...

The enemies of the UK...
Are clearly "breeding" them out...

More the pity...
The UK...
- Has been allowing them to do so...
- Continues to allow them to do so...

God has a sense of humor and of irony...

The various countries of the world...
- Where Europe (Britain) was doing this to them...
- Is now feeling them doing this to Europe (Britain)...

Old playbook... Barbary Pirate raids to Europe...
New playbook... infiltrate... get paid to breed them out...
