Isn't it wild? I'm finding so many lies lately. So much is surfacing. These "influencers" terrify me because they target kids.

Why do actors in Hollywood change their names?
Which group was the force behind Hollywood as they were behind these alt-Right movements in the UK and USA after the 2008 debt crises?
Which families started the Fed?
What did Alan Greenspan tell Congress in 2009?
Also, watch Mike Bentz podcast with @MarioNawfal on Jeffrey Epstein.
Why did they offer the latter a new start after the first conviction?
Is it legitimacy or money that has sustained Israel over the years?

This gentleman, Robert Shillman, directly funded Tommy Robinson.

Here he is, being honoured at the Zionist Organisation of America (an org he also funds), comparing his pen to a weapon.

He also funded the Friends of the IDF and orgs that build illegal settlements in West Bank.
