Salomon Morel was a Jewish commander of several concentration camps where Germans were imprisoned, tortured and murdered

Including countless women and children

He fled to Israel and died in 2007, having faced zero repercussions (in this life)

Schools won't tell you this

Why weren't we taught that 12 million Germans were put in open air concentration camps or displaced at the end of WWII?

The Germans interned for years after the war were treated worse than Jews in Auschwitz. Remember, every accusation is a confession when it comes to the Jew.

My grandfather worked with Salomon Morel. For some reason he was very touchy about being a Jew when my grandfather mocked him about it.

They always, and I mean always, message what they're going to do to you by claiming to be your victim of it first.  
The entire purpose of Hollywood is predictive programming. Any artistic value is purely incidental.

I have no idea how people could look at a face so obviously evil and think "yes these were definitely the good guys in ww2"

The Real Killing Fields happened after WW2

Germanys' soldiers had surrendered

Eisenhower along with fellow Zionist scumbag Churchill wanted to erase the German people of the map.

German soldiers and even captured civilians were reclassified as enemy combatants not prisoners of war.

This evaded the Geneva convention

Estimates range from a few thousand to over a million Germans starved to death in holding camps

Poland wanted to lock this Bolshevik up, but he absconded to Israel. Jews ran concentration camps well into 1950s, killing and torturing thousands of

Germans and Poles. "In 1996, he was indicted by Poland on charges of torture, war crimes, crimes against humanity and communist crimes.[3] After his case was publicized by the Polish, German, British, and American media, Morel fled to Israel and was granted citizenship under the Law of Return. Poland twice requested his extradition, once in 1998 and once in 2004, but Israel refused to comply and rejected the more serious charges as being false and again rejected extradition on the grounds that the statute of limitations against Morel had run out and that Morel was in poor health."

FAFO. Germans should've stayed within their own borders. Instead Hitler and his massonic gestapo got greedy, invaded Poland and USSR, slaughtered 30 million INNOCENT WHITE PEOPLE, got bent over and fucked by the said soviets, and surrendered THE WHOLE WEST to the jews.
