I'd say that if you're actually worried about anti-semitism, it's probably a bad idea to announce to Americans that you now have developed AI tech to monitor Americans' speech about Israel and Jews, and you have a mega-network of 50,000 lawyers ready to sue them for free.

Chris Menahan us ✓ @infolibnews

Jan 16

ADL CEO Jonathan Greenblatt says every anti-Semitism complaint filed with the ADL is now immediately scanned by their "AI systems" to see if there's a "litigation opportunity" they can forward to their network of some "50,000 lawyers."

"Last year, in partnership with Gibson Dunn, we created something called the Legal Action Network," Greenblatt tells a gathering at a synagogue in LA. "We've assembled 50 of the top law firms in the US to create a pro bono coterie of literally like 50,000 lawyers."

"And so now when you enter in an incident at ADL, it instantly gets evaluated by our AI systems. Is there a litigation opportunity? And we feed it to the lawyers to evaluate and to find someone to take the case."

Yes, most of these identity politics victim groups need to exaggerate or even create the bigotry they claim they're fighting, because they have no purpose or function

unless they scare the shit out of everyone and spread neurosis.

11h

The ADL creates more anti-Semites than any other jewish organization. AIPAC comes a close second.

No self-reflection. No accountability.

Classicist. @Classicist9999

As of 2024, the U.S. House of Representatives consists of three political parties:

1. AIPAC (Israel 🇮🇱) with 324 members
2. Democratic Party (USA 🇺🇸) with 84 members
3. Republican Party (USA 🇺🇸) with 27 members

if they're gonna do a fake second coming in fake israel then according to their interpretation of scriptures there has to be a fake great tribulation for the fake J's. so the ramping up of negative sentiment may be by design. otherwise why would they be faking the Gaza genocide?

10h

They're gonna need more than free lawyers. They're gonna need free money.

It's called the Anti-SLAPP statute. Do everyone a public favor and tell 'um to look it up if ever Greenblatt's lawyers come knocking.

That knocking sound you'd hear would actually be . . . a payday.

Publication date 1947

Many persons have come to, or written to, CLOSER-UPS for an answer to the question: "What is the Anti-Defamation League?" They number United States Congressmen, military and civil officials, Jews, Gentiles, Catholics, Protestants, workers, professors, excited persons, collected persons, "crackpots", responsible and weighty persons.

On the lips of too many people of all kinds today is the whisper: "Look out — Shh! —The Anti-Defamation League! Deservedly or not, it has achieved in the minds of too many Jewish and Gentile Americans alike a fear-inspiring quality and a status above the law such as attached to the private secret police organizations of upcoming directors in unfortunate European countries.

With painstaking care, Major Robert H. Williams (Military Intelligence, Reserve)*, counter-intelligence, as conscientious an officer as our military intelligence ever had, and a contributor to the Encyclopaedia Britannica supplement, "Ten Eventful Years", has prepared the following report. If there is further interest, a Congressional Committee should take up from here. To go further would require official investigative authority, unless the high command of the A D L itself should wish to throw open to the public its complete files and records of activities. If this study of the A D L is unfair or incorrect, a Congressional Committee and a public hearing are the League's proper recourse of which, in all honor, it should avail itself.

SUPPRESSION OF SPEECH

The purpose of the remarkable fund and unusual staff engaged in administering it is generally given as: to combat racial and religious intolerance, specifically against Jews. This is done through: (1) a *negative* or suppressive program against real and supposed opposition, and (2) a *positive* or propaganda program of great scope and power.

The negative, suppressive program sets up a self-constituted censorship

Here is an illustration of how the smear works. A lecturer, John Blank, talking against Communists and upholding Jeffersonian principles of our Constitution, but never having said a disparaging word against a Jew as a Jew, is booked to lecture at a convention, a forum or club—perhaps a Republican club. As soon as the lecture engagement is announced, some prominent citizens—Jewish or Gentile or both—call on the booking committee to urge cancellation of the lecture. In a confidential manner they "inform" the committee that John Blank is anti-Semitic. Anti-Semitism is an ugly word in America. It is apt to frighten the men or women of the program committee who booked the lecture. Likely they are handed some typed or printed material, nearly always anonymous but in some instances bearing the stamp of the Anti-Defamation League or group friendly to it, which is cleverly put together to show what a vicious, un-American character is this man Blank. The club can see that it is going to be intimi-
