This is apparently the same woman who flashed Charlie Kirk. She reappeared in a video by @AbolitionRising and said something so disgusting about Charlie, I won't repeat it here but you can skip to 10:06 in the YouTube video linked in the comments to hear it for yourself.

It's in women's best interest that we cast their political opinions aside

This poor brainwashed girl could have gotten married to a handsome successful man years ago when she was still young and pretty, now she will spend rest of life lonely fat & childless with bunch of cats
