>Be a Nigger

>Stab White kid in the heart in front of his brother

>Gets arrested

>Claim racism as a defense

>Niggers defend him and donate hundreds of thousands of dollars to bail you out

>Go home, play 2k.

>Be ChudTheBuilder

>Doesn't care about the N-word

>Make content of you saying the N-word and watching Niggers chimp out

>Chimp out intensifies

>Rappers & Streamfags demand Black people attack you on site

>Black dude finds you attack you

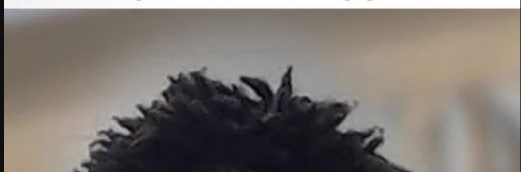

> You shoot in self-defense

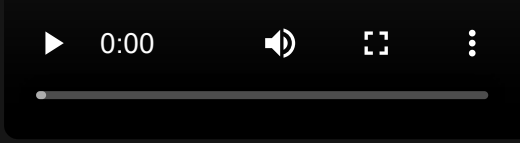

>Get arrested for attempted murder

>Bail set at 1.25 million

The racial double standard in America couldn't be clearer, and Black people's culture and behavior couldn't be more retarded.

“This isn’t about black or white. This is about actions and behaviors and character.”

(Goes on to explain Black people’s character in response to words)

Retarded weak White Niggers like this are the White people I truly hate.

Imagine being so COONED out that even Nick Fuentes don’t agree with you

Nick Fuentes calls out the double standard of white people and Chud the Builder

"How many out and proud White people are saying 'indians are jeets' and 'blacks are n*ggers'—and they don't want to hear anything negative about Whites!"

Imagine thinking that I give a fuck what Nick Fuentes has to say.

I can have my own opinion without thinking about white people's opinion.

Man, I'm not trying to be racist.

I just want you all to stop acting like it's saying "Voldemort".

Yes, it's a slur. But calling someone a slur doesn't make it right for them to assault you. It only proves the person right who called you the slur.

Watch this carefully. Will the courts say the use of the scary word is justification to assault someone. I bet they enforce that white people using that word can be legally attacked.

Intead of trying to solve it through civil war I would say the main issue are the judges and laws that are being forced by police

Issue is, n1ggers will proect said judges and laws because it benefits them,

not because they are fair or not...

Tough situation for whites ong

The biggest problem is he didn't get attacked with a "deadly weapon" even though I've seen countless videos of dudes getting KO and not waking up from it. We need self defense laws that mimick 1:1 qualified immunity.

The one that really proves it is Jordan Williams and Daniel Penny. Both in new york, both claimed self defense, but Williams was armed with a knife and released without bail and they didn't even try to charge him.

It's sad niggers are still living in the past.

Yes, they're used to be enslaved, raped, tortured, etc.

Yes, is not that simple just moving on, knowing for at least 3 centuries they're being mistreated and people being openly dishonest and injustice towards them, but it's not justification for modern anti-white behaviour towards white people.
