

Jake Shields @jakeshieldsajj

People keep asking me about Chud, so I looked him up, and the entire situation is sad

He would walk up and call random black men niggers

He got punched in the face and then pulled a gun and shot the guy

If you insult someone's race, you should fight like a man, not pull a gun

If you used words against someone, they should resort to violence like emotionally unstable animals. Why are you even saying this, faggot? This "fight like a man" gay nonsense you just spit out just kinda sounds like defense for unhinged blacks to assault others over a word.

And call random people ni&&3rs. Ni&&3rs would randomly walk up to him and provoke him.... Like they do to white oepole ALL of the time. He just used the

magical word that they don't like.

Ultimately, no word justifies violence.
