So the White girl has a natural aversion to kissing the black kid and this triggers the jews sadistic impulses so that they now force her to do the scene and then like the narcissists they are, blame the victim for making them do it. A microcosm of how they run society.

The showrunners of Stranger Things literally terrorised this poor girl and forced her to give a unscripted kiss to Caleb on set when she was only 15

The creators of *Stranger Things* have come under fire after it was revealed in a *Beyond Stranger Things* episode that Sadie Sink's character Max and Caleb McLaughlin's character Lucas were forced to perform an unscripted kiss.

In the video from *Beyond Stranger Things*, showrunners Matt and Ross Duffer are joined by Sink, McLaughlin and Gaten Matarazzo, who plays Dustin in the hit series.

The group is asked to discuss the scene in the Season 2 finale, when the group of friends attends the Hawkins Middle School Snow Ball dance.

Sink, 15, says she was nervous about the scene and Ross Duffer says he was intentionally joking about the kiss but after Sink's reaction was "so strong" and she was "so freaked" that he decided to film the part.

Ross Duffer responds: "You reacted so strongly to this. I was just joking, and you were so freaked out that I was like well, I got to make her do it now. That's why I'm saying it's your fault."

Sink then asked, "That's why it's my fault?"

"That's why I'm saying it's your fault," Ross responds.

The exchange made many fans watching the discussion criticize the Duffer brothers on social media after failing to make the situation more natural for the 15-year-old actress.

This happens more than people know, sadly. I've witnessed it first hand working in entertainment and the MSM.

They're morally bankrupt institutions.

This is disgusting. But so is the linking it to Jewishness. Why not blame their degenerate leftist upbringing (and hers, where are her parents during all this??)

Sacrificing your children to star in media has always been like making a deal with the devil. In this case, probably the literal devil. Don't send your precious children into a world like this, it's the same as prostitution and possibly worse in the end.

Also, she was 15 at the time. Who knows if she has even kissed a boy like that before she was made to do it on camera.
